Your Special Day

Whether you are getting married in a Cathedral, a Hotel or a Registry Office, it's your Special Day and our attention to detail reflects this. Photographs of the flower arrangements and Wedding Guests arriving are all part of the package.

Wherever possible, Gavin will also take photographs of your Wedding Ceremony.

After the Service, Gavin will spend time taking photos of the Newly-Weds with Friends and Family and also on their own. Then it's time for more candid shots as the Party moves on to the Reception, finishing with the Cutting of the Cake.
